Abstract

Holy Scriptures and patristic exegesis in Old Church Slavonic sources. Some methodological reflections

The study analyzes some biblical and patristic quotations in Cyrillo-Methodian sources and the contents of *Symeonic Florilegium*, the first Slavic miscellany of patristic writings, and suggests some methodological reflections for the study of the church fathers presence at the origins of Slavonic literary culture.

Parole chiave: Bibbia slava, fonti cirillo-metodiane, esegesi patristica, Miscellanea di Simeone.
